Fujifilm Greenwood Recycle Water Plant Tour: March 11, 2014

FUJIFILM Manufacturing USA, established in 1988, is putting a new Recycle Water System into service. This system will significantly reduce their demand and free up allocated volume for the local metropolitan district to attract new business to the area. Mark Franke, Manager of the Central Technical Engineering group at Fujifilm will be speaking about the project as part of a tour of the 500 acre complex located in Greenwood, SC.

Come join us on the tour of this 500 acre complex which boasts five state-of-the-art manufacturing facilities for the production of QuickSnap recyclable cameras, inkjet photographic paper, color photographic paper, and digital printing plates for the Graphic Arts industry.

Standard meeting times will apply:

Arrive at 211 Puckett Ferry Road, Greenwood, SC 29649, between 6:00-6:30.

Dinner will be at 6:30 with presentation and tour to follow.

Car pools for Greenville departure times will be between 4:30 and 5:30 PM. Call our Section Chair, Rick Vogel (864-420-5777) to coordinate car pools.

Please RSVP to sec@wscaiche.org or [redacted] by 2:00PM Monday, March 10, 2014, Late RSVPs directly to Rick Vogel (864-420-5777)
