

Upcoming Events

March Meeting: **Harvesters - The Community Food Network**

Date: Tuesday, March 31, 2015

Time: 6:00 PM 8:00 PM

Location: Harvesters

3801 Topping Ave

Kansas City, MO 64129

Dues: Free, of course!

Details: Closed-toe shoes are required and dress casually!

Come out and join us in giving back to this great community of ours. Harvesters is a local food bank, providing nourishment to families in need across the Kansas City area. We will be packaging and sorting food to help with this great cause.

Let's be SAFE and remember to bring our closed-toe shoes.

April Meeting: **3 Part Speaker Series**
"Energy R&D: Capture, Permit, Control"

Speaker: Dr. Kevin Leonard, University of Kansas
Topic: *Photocatalysts & Electrocatalysts for Solar Fuel Production*
Date: Tuesday, April 21, 2015
Time: 6:00 pm to 8:00 pm
Location: TBD

More details to come!

Volunteering Opportunity

Are you looking for a way to support STEM education without leaving your desk and on your own time? Are you curious to see what projects and ideas the top high school engineering students in Kansas City have designed?

KC STEM Alliance invites you to judge the first annual PLTW-Kansas City Engineering Design Competition.

For more information, please contact us at aiche.kc@gmail.com.

February's Student Night Success!

Thanks to all those who attended our KC AIChE Student Night! The attendance was impressive. We would like to extend a huge thank you to Black & Veatch for sponsoring the event and also to the students who traveled to Kansas City and to Aaron Attebery for speaking to us. The Jack Stack wasn't too bad either!
