The Chair made some brief welcoming remarks above. The annual officer election was present. Since there were no conflicts, the results were as follows;

Chair: Andrew S. Moon  
Vice Chair: Julia Tossetti  
Secretary: Fernando J. Aguirre  
Treasurer: David Brower  
Directors: Jim Clay, James

The new Past Chair (not requiring

The speaker for the evening was Rob at Technology at Occidental Chemical Corporation, research and development, process manufacturer of Chloro-Vinyl polymer. In 2017, Rob was recognized (AIChE) by being awarded the National Operational Excellence.

The manufacture of chlorine and vinyl chloride involves handling highly hazardous materials. A facility or a company reduce safety, quality, and reduce overall manufacturing costs was included in the presentation. Operational Excellence in a manufacturing process resources into the Operational Excellence program specific to commodity chemical manufacturing highlighted. Past incidents were woven into the presentation.

The meeting was adjourned at approximately

Fred Eisen, Secretary
