

CENTRAL CAROLINAS SECTION

February 14, 2020

Judges are required to be registered with the event through a link registration. MAKE SURE TO MENTION THAT YOU ARE ONLY A SPECIAL AWARD JUDGE WHEN YOU REGISTER!

See e-mail George Tyrian for more information about registration. The deadline to register as a judge is February 20.

This section was contacted by the AIChE East TN Local Section regarding their e-Chem Expo event. [e-Chem Expo](#) is an event that will be held in Kingsport, TN on April 15-16, 2020. e-Chem Expo is the #1 multidisciplinary applied innovation event for the process industries in 2020. This is an event that AIChE East TN section AIChE East TN supports and advertises for, as well as provides PDH credits to attendees. This year the East TN Section also plans to host a reception for attending AIChE members and mechanical engineers that are active in our section.

Please consider attending and advertising as a professional and technical development opportunity. [registration is now open](#) and is free for attendees. A [preliminary program schedule](#) has been posted as well. If you are interested in learning more about the conference and expo, e-mail George Tyrian and I will forward contact information about the event.

Please feel free to forward any meeting suggestions to me at gyrian@ccoin.com. We are still working on a possible March meeting as well as further meetings.

Many thanks to Janie Horton for help in arranging this meeting!

Thanks to all the members who attended the joint ACS/AIChE meeting last month at Waldhorn!

Our community website through the National section is www.aiche.org/centraladlinks

SEE YOU AT THE MEETING
