

# HIGH SCHOOL OUTREACH PROGRAM

**AIChE 5<sup>th</sup> Annual Midwest Regional Conference**  
Thursday January 31<sup>st</sup> - Friday February 1<sup>st</sup>, 2013 | Chicago, IL

This **FREE** high school outreach program is presented in parallel with the American Institute of Chemical Engineers' (AIChE) 5<sup>th</sup> Annual Midwest Regional Conference. The goal is to expose students to the profession of chemical engineering and engineering in general, and give students the opportunity to **interact with professional engineers, engineering students, and engineering faculty**. Students will come away from the program with an understanding of what chemical engineers do, how they touch our lives, and how to pursue a career in engineering. We encourage you and your students to join us for this one-of-a-kind program.
