

Short summary of Risk Based Process Safety

Foundational Block: Commit to P

Element 13 - Management of Change: Process of reviewing and authorizing proposed changes to facility design, operations, organization, or activities prior to implementing them, and that the process safety information is updated accordingly.

Element 14 - Operational Readiness: Evaluation of the process before start-up or restart to ensure the process can be safely started. Applies to restart of facilities after being shut down or idled as well as after process changes and maintenance. Also applies to start-up of new facilities.

Element 15 - Conduct of Operations: Means by which management and operational tasks required for process safety are carried out in a deliberate, faithf
